PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This barracks area covering approximately 300 acres is located on the northern outskirts of Vinnitsa (Figure 1). It is road and rail served and appears to be active (Figures 2 and 3). There are no training facilities apparent in the immediate area. An enclosed POL storage area [] is located about 2

kilometers (km) southeast of the barracks installation.

A comparative study of [] photog-
raphy from [] re-
veals little change in this installation; however, several storage and probable vehicle storage buildings have been added.

DESCRIPTION OF INSTALLATION**Railroad Service**

A single rail spur enters this installation from the main Kalinovka-Zhmerinka line.

Road Service

Two good all-weather roads serve this installation. One road runs through the installation and the other runs along the south edge.

Aircraft Landing Strips

Vinnitsa East Airfield is 5 km east and Vinnitsa Airfield is about 2 km east-south-east of the installation.

Administrative and Troop Housing Areas

Area D1 contains six administrative buildings (four multistory), six multistory barracks, one L-shaped storage building, and 12 storage/support buildings.

Area D2 contains 3 administrative buildings (one multistory) and 20 multistory barracks.

General Storage Area

Area E1 contains 78 storage buildings (four multistory), 19 support buildings, one multistory administrative building, two 160- by 40-foot possible vehicle maintenance buildings, and four probable vehicle sheds, two 330 by 50 feet, one 300 by 40 feet, and one 285 by 40 feet.

Area E2 contains two multistory barracks, 17 support buildings, two administrative buildings, and 15 storage buildings.

POL Storage Area

Area G contains 16 tanks, two 60 feet in diameter, six 40 feet in diameter, four 30 feet in diameter, and eight 25 feet in diameter. Roads and rail lines connect this area to the barracks area.
